You may qualify for lower monthly premiums soon!

Dear <Proper First Name> <Proper Last Name>,

President Biden signed the American Rescue Plan Act of 2021 (ARP) into law on March 11, 2021. The ARP is helping to make health care coverage more affordable. In the coming weeks, there will be increased premium tax credits available to lower your monthly premiums if you qualify.

Subsidy Version: You currently qualify for a tax credit. This means that you may be eligible for even more savings because of the ARP.

Non-Subsidy Version: Although you may not have qualified for tax credits in the past, you may now be eligible because of the ARP.

More information is coming

Pennie, the new Health Insurance Marketplace for Pennsylvanians, is updating their system with the new tax credit amounts. Once the new tax credits are available, we will provide you with more information.
